

PROJECT MANAGER - SHANGHAI

EURIS is an IT group dedicated to connected health. Our mission is to support life sciences companies to realize their e-Health projects, through our digital and global health cloud solutions.

EURIS proposes a complete offer of IT services and modular technologies, in order to deliver e-Health projects: pharma CRM, multi-channel solutions, business intelligence, clinical trial digitalization solutions, healthcare data cloud & warehouse...

EURIS has an office in Shanghai to better target the APAC market and ensure a smooth operation of our solutions in more than 50 different countries. EURIS is continuously looking for young, innovative and talented people to be part of our team and participate in EURIS expansion.

More details: www.euris.cn

JOB DESCRIPTION

Under the supervision of the project director, you will be part of a team dedicated to the integration and project follow-up of Euris digital solutions (pharma CRM, CLM, BI, patient centric solutions). You will interact with EURIS clients in China and abroad.

Gradually you will manage the following tasks autonomously:

- Project integration: Technical specifications, planning, solution configuration, go live, users' trainings and change management.
- User follow-up and solution improvement: Need identification, solution improvement proposal and coordination with the technical team.
- New products functionalities specification: Technical specifications, product line manager presentation, realization and development.

EXPERIENCE & PROFILE

You are confident and ready to communicate with a client. You are autonomous and organized, willing to be part of a team.

It is nice to have a first experience in healthcare industry, project management or CRM technologies (segmentation, social CRM, WeChat engagement...).

- Chinese national or Chinese speaker
- English is a must, French is a plus.
- Graduated from a Bachelor or Master degree in Engineering, IT or business.

OTHERS

Working location: WE International hub, Room A442, No.208 Wending Road - Shanghai - China
