

LAURA BOURDAKIS

STUDENT INTERNATIONAL ENTREPRENEURSHIP

MOTIVATION

If I could describe myself in 3 words it would be quick learner, adjustable and ambitious. I've always been eager to experience and discover new cultures. I like to watch and learn how to solve problems from foreigners in a way I've never experienced before. This makes me very openminded and easy to adjust in unfamiliar situations. I'm also very passionate about learning new languages, currently I'm studying Mandarin and Portuguese.
