I am currently looking for a challenging job with long term perspective in which I can continue to grow. Given my eagerness to learn, my international background and the knowledge gained through my studies and professional experience so far, I feel that I would be an added value to your company.

Professional experience

- ◆ **09/2015-06/2017 Supply manager at Huawei Technology Belgium (Brussels)**
 - Review the accuracy and feasibility of supply chain terms in offers made to prospects
 - Forecast key projects' demands and arrange supply planning accordingly
 - Monitor order fulfilment from PO registration 'till completion in order to achieve customers' requirements
 - Organize operational trainings to distributors and improve their satisfaction level
 - Manage subcontractors' warehouse and implement inventory mapping
- ◆ **03/2013-06/2014 Sales project manager at Xurui Investment and Consulting Company (Shanghai)**
 - Develop prospects (emerging industrial and high-tech SME's)
 - Analyze financial conditions of customers and provide services accordingly
 - Adjust and submit customers' financing and fund application plans
- ◆ **10/2011-12/2011 Intern at Shanghai office of China Textile Industrial Association**
- ◆ **05/2010-09/2010 Host at Chile Pavilion at Shanghai Expo 2010**

Educational background

- ◆ **09/2014-07/2015 Master in Business Administration at KULeuven (Brussels Campus)**
Thesis: The influence of relational demographics on task and contextual performance
- ◆ **09/2010-03/2013 Master in Economics, International Trade at Donghua University (Shanghai)**
Thesis: Research on China's industrial textile import trade
- ◆ **09/2006-07/2010 Bachelor in Textile Engineering at Donghua University (Shanghai)**
