Achievements

- Bachelor of Law at Shenzhen University
- Passed the bar exam so eligible to practice law

Summary

I am an enthusiastic young professional born and raised in China. I have lived in China my whole life until I decided to move to Belgium in July 2017 for personal reasons. I am currently in possession of a 5 year Schengen VISA and looking for an interesting opportunity in Belgium.

Work Experience

Lawyer at ZTE Corporation Shenzhen January 2014 – July 2017

ZTE Corporation, commonly shortened to ZTE, is a Chinese multinational telecommunications equipment and systems company headquartered in Shenzhen. I was part of the legal department, responsible for legal matters both in China and worldwide. My main tasks consisted out of:

- ≡ **Legal advisory:** Advise colleagues worldwide on legal enquiries, review of contracts and I've been actively involved in contract negotiation.
- ≡ **Legal cases:** I've been responsible for multiple lawsuits (over 20 labour cases, over 10 civil cases and a handful of economic crime cases). This included going to court as the company's lawyer.
- ≡ **Urgent cases:** Regularly some cases required urgent attention (such as supplier bankruptcy, competitor's unfair market competition and accidents with employees). Part of my job existed out of dealing with these urgent matters.
- ≡ **Compliance:** Advisory on Compliance issues within the company.
- ≡ **Public relations:** Management of certain public relations.

This job required a high level of independence and sense of responsibility, which I have proven I have. The management trusted my deliverables and in a positive outcome for the cases I had to work on. I am grateful for the chances I got within this position as I grew a lot both on a business as on a personal level.
